Pranshu Aggarwal
Software developer

I am a tech enthusiast and self-taught programmer. Started learning to code as a hobby rather than a career focus. Familiar with a variety of frameworks like React, Django, Nodejs, and Expressjs. Eager to meet new people and make connections.
I also love to read books.

Toycathon 2021 Winner

Experience

Sept 2022 - Present
Pupilfirst

Teaching Assistant

TA for web development courses on the Pupilfirst LMS, guiding 3000+ students learn web development..

Aug 2022 - Present
Microsoft Innovations Club, VIT

Member of Tech Team

Member of a team working to make great websites for our college and conducting hackathons and activities like that.

July 2022 - August 20222
VITrendz, VIT

Front-end Developer

Was part of a team making a lost and found website for our college. We saw that a lot of students were losing their belongings on campus and there was no organized way to solve the problem, so we decided to build a website to manage all the data and ensure that everyone gets their belongings.

Jan 2022 - Present
GDC Fellowship (Pupilfirst)

Web Developer Intern + Fellow

One of the 40 students selected out of 48k applicants all over India for a 4-month training + 6 month internship programme offered by Pupilfirst and GDC in collaboration with AICTE. Learnt full-stack web development during the fellowship. Member of a team making an online management hospital management system to store and record all the data of patients in hospitals in rural areas. This project is currently live in 8 states all across India.

Projects

The Gladden Project

A website with a mission to elevate the standard of the human mind and make it a better place to be at. Uses machine learning to help people going through depression.
Link
